Dear Parent/Carer

Year 11 Breakfast revision provision - Early start to school 7.45am Monday - Friday (Optional)

In order to support your child in achieving the best possible grades this year, we would like to offer a breakfast revision session in school from 7.45am. Students will be allowed on to the school site and be based in Helix to complete revision with their peers under teacher supervision.

Students have been provided with a lot of revision materials and practice papers by subject leaders and should bring these with them for these sessions. I will be on hand to support them with Maths revision but students can complete revision for any subject in a group study environment and support each other.

These will be drop-in sessions so they do not have to commit to this every day but students are able attend as many sessions as they would like to get their revision plans in action. There will be a selection of breakfast food provided. Students must be on their best behaviour and must remain in Helix during the session under supervision of the teacher.

If you would like your child to attend this excellent opportunity, please complete the reply slip and return it to Mrs Shanthan or bring it in person when attending the first session.

If you have any queries regarding this, please do not hesitate to contact me.

Yours faithfully,

Mrs N Shanthan, Director of Learning Mathematics navanya.shanthan@longfieldacademy.org
