

Over the Easter break, a group of our students headed to the stunning slopes of Gitschberg Jochtal in northern Italy for an unforgettable ski adventure!

With blue skies, fresh powder, and plenty of laughter, the trip was a huge success from start to finish. We were delighted to see our young people really taking to the adventure, and embracing the exciting activities on offer at the resort.

*My son thoroughly enjoyed himself and he was absolutely buzzing about it when he got home. It sounds like it was a brilliant trip and one that he has clearly got so much out of.*

*Our son had a fantastic time and has not stopped talking about it since - he has the skiing bug now!*

*I'm so proud of my daughter going on the trip without any close friends and just having a go. I'm so grateful for her opportunity to go and for you all taking care of her. She really, truly had the best time and I take my hat off to you all for organising and taking all the children.*

*She has come home so excited and bubbling to tell us all she's done. She's had an amazing time. She wouldn't have had this amazing opportunity without you and the other teachers.*

We were delighted to receive a glowing commendation from another school group that was at the same resort:

*Hello, we were in Natz, South Tyrol, with our track and field team at the same time as your school's ski team. I have enormous respect for the students and teachers at your school. I have rarely seen a group as disciplined, calm, and friendly as yours. I just wanted to share this. Happy Easter and all the best.*

From beginners mastering their first turns to experienced skiers racing down the slopes, everyone challenged themselves and had a blast. Evenings were filled with fun activities and delicious local cuisine.

*Credit where it's due to the teachers that participated in this trip. By the sounds of it you all made this an unforgettable experience for all the children and we thank you for that.*

*Thank you and the team so very much for taking all the children away on such a lovely trip making fantastic memories along the way. We appreciate you keeping our boy safe!*

*I cannot thank you all enough for this trip. My son has come back on such a high, and as we speak is searching for ski trips for next year. Japan seems to be at the top of his list!*

*It has made me smile and feel so proud, he had a fantastic time, he now wants us all to go skiing! He also had a lot of stories to tell us, appreciate taking the time to do this and thank you for looking after him.*

*My son put so much preparation into learning to ski before the holiday and I'm glad he did as he got to develop his skills. He was also really impressed with the ski instructor for his group - he made him feel very comfortable and confident in his ability. My son came home on a high yesterday with lots of stories and amazing memories. We are going to frame some of his photos, he also built new friendships which he is really pleased about.*

A huge thank you to the staff who made the trip possible, and to the students who represented our academy so brilliantly!
